

POPI ACT

Are you looking for POPI Act eLearning training for employees who process Personal Information within your organisation?

The Protection of Personal Information Act has been signed into South African law by our President in **June 2020** and requires that all entities must be fully compliant with the provisions of the POPI Act by **1 July 2021**.

As such, organisations need to implement awareness training on it.

This is where we come in!

VUCA Consulting

can help you by providing all the required information directly from the POPI Act in the form of a user-friendly eLearning course.

WHO NEEDS TO DO THIS COURSE?

Persons who process Personal Information as part of their daily work duties need specific training, e.g. customer facing employees.

IT managers and Information Security Officers need to understand the implications for information security.

HR managers are responsible for adequately protecting the Personal Information of their employees.

etc...

VUCA Consulting took special care during the development of the eLearning course to ensure that the awareness training is suitable and specific to the audience, inclusive of practical scenarios in the typical workplace.

COURSE OBJECTIVES

This course will assist you in understanding the provisions and guidelines set out by the POPI Act:

- 1** Obtain a basic understanding of General Data Protection Legislations.
- 2** Understand how the Protection of Personal Information Act (POPIA) gives effect to the constitutional right to privacy.
- 3** Know the role players within data processing.
